First Term Test -3

le : 04-01-2016 Name: ……Class: 1/…… Duration: 60mn

Our future friends :

Do you want a friend that does what you want to do? A friend that always listens when you speak? Then PaPeRo is the friend for you!
PaPeRo, a small robot from Japan, is the friend that's never moody and it is always good fun.

PaPeRo does things that your human friends don't always do. If you're unhappy, PaPeRo tells you jokes, and if you have lots of homework, PaPeRo helps you. Ask PaPeRo a question and it looks for the answer on the internet. You can listen to songs on PaPeRo too, and it has a lot of good stories.

But PaPeRo is not a perfect friend. Parents can connect to PaPeRo via internet and see and listen to their children. The robot's eyes are cameras, and it has eight microphones. So PaPeRo tells your parents if you don't do your homework! PaPeRo is popular with parents for other things: the robot helps in the house and cooks meals, too. Some people think robots like PaPeRo are the family friends of the future. What do you think?
